YESTERDAY'S TRIUMPH.
The Ledger's Big Edition Was a Representative Affair.

Yesterday's LEXON spoke for itself. It covered the whole field so entirely that "competition" was out of the question and comparison is impossible.

The illustrations were clean-cut, well printed, and didn't require a diagram, while the reading matter was well written and comprehensive.

The commercial, manufacturing and mercantile features were prepared by Mr. Dwight J. Robbins of Erie, Pa., who is a thorough and accomplished gentleman whom Mr. LEXON takes pleasure in commending to its contemporaries everywhere.

One thousand copies of this superb edition will be distributed at the Opera-house tomorrow, that our visitors may carry home with them a souvenir of the Tobacco Fair and a reflex of the enterprise of Maysville.

IN KENTUCKY.

NT TAXES AT HOME.

tant Measure Introduced in Senate That May Result in State Very Much.

Frankfort, Ky., Jan. 19.—Senator A. of Pendleton county, has introduced an important insurance measure in the senate. It provides that insurance policies on property in this state in order to be valid must be approved by a local agent and the tax thereon payable into the state treasury. This is designed to compel the payment of the large taxes now paid in New York and other states on the millions of dollars' worth of whisky and other Kentucky property now insured in the east.

Other bills introduced in the senate were: To prevent wasting of gas oil, enabling Kentucky insurance companies to make investments outside the state; requiring citizens of towns of the sixth class to keep up streets and roads as county roads are now kept up; to prevent the importation into the state of indigent children from other states; to revise and make uniform the laws concerning the branding and drifting of trees, logs or other forms of timbers, and providing punishment for misdemeanors relating to the same.

The house passed a few bills and put in the rest of the session in arranging over some resolutions. Mr. Howell (rep.) offered affidavits and resolutions providing for the removal of Representatives Hekman, Benick, Lyons and Hinn from the gubernatorial contest boards. The affidavits were filed by Gov. Taylor and Lieut. Gov. Marshall, and set forth the same charges that were made in the senate last Monday. No action was taken.

ONE SIDE HEARD.

Evidence in Behalf of Trench and Beckham in the Generalist Central Has Been Presented.

Frankfort, Ky., Jan. 19.—The hearing of evidence in the case of Trench and Beckham, the democratic contestants for governor and lieutenant governor, before the joint legislative committee, continued today. The hearing and the evidence for Gov. Taylor and Lieut. Gov. Marshall will now begin. They have five days set apart to present their case. Trench and Beckham will have one day in rebuttal.

Not more than 50 witnesses testified on the side of the contestants. The witnesses at the last session were taken from Louisville and the principal evidence was in regard to the alleged military interference.

National Bridge Sold.

Louisville, Ky., Jan. 19.—The Kentucky and Indiana bridge was sold here, the Southern Railway Co. and the Louisville & Northwestern jointly being the purchasers at the upset price of \$700,000. A million dollar mortgage goes with the bridge, making the purchase price really \$1,700,000. The K. & I. bridge crosses the Ohio between this city and New Albany. It has been in the hands of a receiver since 1893.

Had a Presentation of Death.

Louisville, Ky., Jan. 19.—Alex. Husey, a farmer living near Caveville, Grayson county, visiting a sister here, had a presentation of death, and deposited \$100 in a bank as an emergency burial fund. His sister found him dead in bed the next morning. Heart disease.

The Nye Estate Appraised.

Lexington, Ky., Jan. 19.—The appraisers of the estate of E. D. Nye, the late president of the Kentucky bankers' association, filed an inventory which places the valuation at \$174,700.40.

Cut's Stop Hibernating.

Danville, Ky., Jan. 19.—C. B. Jackson, an aged citizen of this place, has been hibernating since Tuesday of last week and physicians are unable to give him any relief. He is not expected to recover.

Cattle Thieves Sentenced.

PUSHING ONWARD

British Forces Make Still Further Progress Toward the Relief of Ladysmith.

ALL HAVE CROSSED THE TUGELA RIVER

British Now Bombarding the Boers Position about Five Miles From Potgieter's Drift.

No Account of a British Victory or of the Relief of Ladysmith Has Reached the British War Office in London.

Spearman's Farm, Natal, Jan. 18.—General Buller's brigade, with a howitzer battery, crossed the Tugela river at Potgieter's drift on Tuesday, Jan. 16. The water rose above the waists of the men. The Boers fired two shots and then recalled their forces to the trenches, the passage being unimpeded.

The British advanced in skirmishing order, and the small kopjes on the summit were occupied by 6:30 p. m. During the night it rained heavily.

Wednesday the Boer trenches were vigorously shelled in front of Mt. Alice, while the British remained in possession of the kopjes and plain. Heavy mists enveloped the hills, but the naval guns and the howitzer battery made good practice, thoroughly searching the trenches. On the Boer right a breach was made in a sand-bag emplacement, where it is supposed Boer guns had been placed. The cannonade was heavy and continuous, and the Boers were observed leaving the trenches in small parties. The Boers proceeded to advance the

hill facing the British position was shelled next.

The march was very trying, but the troops are now encamped amid very pleasant surroundings. Their health is excellent and all are confident.

Cavalry Blown Up by Boers.

Sterkstroom, Jan. 18.—The Boers blew up three caissons on the direct line, five miles beyond an outpost of the police camp, on Wednesday. The commandant at Dordrecht numbers a thousand.

RURAL FREE DELIVERY.

It Will Be Tried Along Star Routes, the Beginning to Be Made in South Carolina.

Washington, Jan. 19.—It has been decided by the post office department to permit star route system in a measure to supplement the system of rural free delivery.

Postmaster General Shallenberger has found that it is feasible to permit carriers on star routes to deposit mail in proper receptacles placed along their line of travel.

This plan will be started in South Carolina beginning July 1, and will be extended to other parts of the country as rapidly as possible.

This innovation makes necessary a change in the postal regulation which forbids mail contractors and their drivers access to mail matter or to any mail locks or keys.

brigade under Gen. Hart, comprising the Dublins, the Connaughts, the Inniskillings and the border regiment, proceeded northwesterly to Springfield. The position had previously been thoroughly reconnoitered.

A few miles outside of Frere Lord Dundonald passed targets erected by the Boers to represent a force advancing in skirmishing order. Evidently the Boers had been firing at these from an adjacent hill.

Lord Dundonald pushed on and the main column advanced. It was noticed that Springfield was not occupied by Boers and that the 5th brigade had taken possession. The British transports extended for several miles, and comprised some 5,000 vehicles.

The mounted brigade advanced rapidly, not meeting with any opposition. The British scouts had recently minutely searched all the suspicious country, but there was no sign of the enemy. The column advanced to Mt. Alice, facing the enemy's mountain fortresses.

The Boers had been at Potgieter's Drift the previous day, but a body of South African horse swam the stream under fire and brought over the pont from the Boers' side.

The Boers were evidently surprised at the appearance of the British on the scene. A large camp could be seen on the Tugela heights facing Mt. Alice, but the enemy quickly struck camp and cleared off to the mountains.

A buggy was seen leaving for the hills on the right presumably with Gen. Buller or some other commandant.

Gen. Buller took up his quarters in a pleasantly situated farm house belonging to Martinus Treckers, who had disappeared.

On Friday a loud explosion was heard. Subsequently it was found that the Boers had destroyed a bridge under construction seven miles above Potgieter's Drift.

Gen. Buller has issued a spirited appeal and instructions to the forces, beginning:

"We are going to the relief of our comrades in Ladysmith. There will be no turning back."

The Boers proceeded to advance the

ATTENTION, Tobacco Growers!

It is a fact that a Tobacco Transplanter will pay for itself in one year on four and one-quarter acres of tobacco.

Tobacco Growers.....

OF THE White Burley District

Who have experimented with both hand and machine planting are agreed upon this point. REMEMBER that when set by hand the tobacco plant will still about three days, then it goes backwards about two weeks and then it begins to thrive and grow, provided the weather is seasonable. When set out by a transplanting machine the tobacco plant thrives and grows from the very moment it is set out, because a large furrow is made into which is dumped a quart of soil around the roots of the plant and then dry dirt is feathered up and pressed around the stalk. This prevents ground baking and withering plants. They thrive from the moment they enter the ground—give you a good, stand and early crop. Prepare ground properly, set your crop with a good transplanter machine, and it will be ready to harvest much earlier than the ear crops. Tobacco Growers of the White Burley District who have experimented with different kinds of trans-planting machines have all agreed that the

Nagley is the Best Transplanter Made

I have fifty-seven (57) written signed testimonials from farmers stating such is the case. I ask you as an especial favor to call at our store and examine this wonderful machine and read these fifty-seven (57) testimonials. Here is one of them from a man that you all know—a big tobacco raiser and one who all gets the top of the market:

"MAYSVILLE, KY., June 28th, 1899
"This is to certify that I have seen and worked the Bemis, Tiger and Nagley Transplanters, and can cheerfully say that the Nagley will work better and do easier in all kinds and conditions of ground than either of the others. Nagley will turn in (5) feet less of space than any other machine made, and will do a much better job of work than any other. The tobacco plant will thrive from the minute they are set out, the best stand of plants I ever saw. My neighbors are all well over the work the Nagley. I would not trade my Nagley for a harrow full of Tiger and Bemis machines. Signed, THOMAS KENZIE."

This is only a sample of what they all say. Call and read the rest of testimonials. THE PRICE FIGHTER, JOHN L. WINTER, has put them within the reach of even the poorest tenant. \$45 will buy the best Tobacco Setter machine and you shut-off that drops one grain of corn at a time. The Black Hawk is guaranteed to give you a crop of tobacco, no matter how poor the soil. Visit all dealers in all towns and when you learn that their Trust Company price is \$55 then visit The Price Fighter and he will sell you one for \$45. I, J. Winter, The Price Fighter, of course, mind, do hereby obligate myself to you the best Tobacco Transplanter on earth for \$45 cash or bankable note.

STRIKE OF MINERS

Forty Thousand Men in the Anthracite Region of Pennsylvania Will Stop Work.

BITTER FEELING TOWARD OPERATORS

For Weeks and Months the Men Have Been Clamoring For a Demand of Higher Wages.

They Have No Hope for a Conference With the Operators Because the Latter Refuse to Recognize Them or Their Demands.

Indianapolis, Ind., Jan. 19.—News has reached here that about 40,000 miners in the anthracite district of Pennsylvania, near Scranton, Pa., and Shamokin, who have been in a restless state for some time, have decided to strike. Delegate T. D. Hays, of the Ninth district, who has been active in the strike, says a strike is unavoidable as the men have been restive for some time and entertain a bitter feeling toward the operators who have declined to recognize them. They have nothing to expect from this convention they say, as none of the operators or their field will be present at the joint conference to be held here next week.

Miles Daugherty, president of the First district, which adjoins the Ninth, says that the miners in the First will follow those in the Ninth, which means the calling out of all of the men in the anthracite district in Pennsylvania. It is said here as well as the mine operators of the anthracite coal regions of Pennsylvania have ever attended to the demands of the United Mine Workers of America, there is no just reason to be given the men to hold off any longer. "This trouble has been brewing for a long time," said Mr. Hays, "and I have been doing my best to avoid a strike. For weeks and months the men have been clamoring for a vigorous action toward enforcing a demand for higher wages. I have been holding them off and when I left for the convention there had been repeated conferences and full determination to strike had been arrived at. I asked the men to hold off until the convention but my advice of a private nature lead me to believe the men would wait no longer but will go on this week taking their demands to meet. About 40,000 men will be affected."

JAIL HEAVILY GUARDED.

The Tenacity at Frankfort, Ky., Is Still the Leading Topic of Discussion at That Place.

Frankfort, Ky., Jan. 19.—The sentiment and bloody shooting tragedy in the Capitol hotel here Tuesday is still the leading theme of conversation. The friends of the United States are trying to create the impression that the bloody battle of Tuesday was a plot between Ethelbert Bunker and Capt. Clegg, and that they are openly saying that they will be able to prove on trial that Capt. Clegg participated in the battle, and that he fired at least three shots before being wounded himself.

On the other hand Capt. Golden's friends claim that his belief with Scott when the shooting began was purely an accidental meeting a minute or two, and that he took no part in the battle. Gov. McCreary and others substantiate this by saying that the battle had hardly commenced when Golden shot at the crowd with the exclamation: "I have been shot." He had no pistol in his hand and none was found on him a few minutes later when the physicians arrived to dress his wound.

The Franklin county jail, where ex-Congressman Colson, one of the principals in Tuesday's bloody tragedy, is confined, is being guarded by an armed force of 25. The guard was placed there, 12 of them by the city authorities, the others were Colonel's close friends, who, though they had heard no talk of mob violence, wanted to be prepared to defend him, should any thing come up. They remain on duty until the Franklin grand jury, which is looking into the tragedy, makes its report. Colson will then be released on bond.

Victory for the Government. Paris, Jan. 19.—The promised intervention of the government's attitude concerning the strikers of St. Etienne, directed against M. Millerand (socialist), the minister of commerce, came up in the chamber of deputies and resulted in a victory for the government. The interpellator, M. Fay, progressive republican representative of St. Etienne, withdrew his motion at the last moment.

Mr. Patterson May Recover. Greenville, Tenn., Jan. 19.—Mrs. M. Patterson, aged 50, wife of the late daughter of President Andrew Jackson, who has been seriously ill here, is slightly improved. Chances for recovery are favorable.

BIG PASSENGER POOL.

Proposed Combination of All the Railroads in the Country on a Percentage Scheme.

Chicago, Jan. 19.—The Tribune says in order to carry out their economic agreement it is proposed now to combine all the railroads in the country in a big passenger pool and operate it on a percentage basis. Each road is to be allowed to carry all the passengers it can secure but any road that should manage to get more than its allotted proportion would have its labor for its pains, as the profits would go to the competing roads which would be carrying their proportion of the business.

The eastern roads all have voted in favor of this scheme and a committee of western railroad officials is now at work to get all the western lines into the combination. The railroad magnates do not admit that the formation of the interstate commerce passenger pool would constitute a violation of the law. It has always been the contention of the railroads that the section of the interstate commerce act forbidding pools relates only to freight traffic and does not affect passenger business in any way, and it now seems that the railroads intend to act and fight it out on this proposition.

CONGRESS PROCEEDINGS.

The Twelfth Census Reports Will Be Printed by the Public Printer as in Former Years.

Washington, Jan. 19.—For an hour Mr. Wellington (rep., Md.) occupied the attention of the senate, continuing the debate on the Philippine question. He took as his text the resolution he introduced last Tuesday declaring that the United States should not take permanent possession of the islands, but after subduing the insurrections, should confer upon the Filipinos the right to govern themselves, after such protection as they might need.

Mr. Teller (rep., Cal.) resumed his speech on the funeral bill, in the chamber. He introduced last Tuesday a bill for the National City bank of New York. He had not concluded his remarks when he was suspended then by the speaker. The house passed the senate bill to extend the powers of the director of the census after striking out the committee in order to authorize the director to contract for extra printing with private contractors. The whole fight was upon that amendment. The friends of the public printer and the labor organizations of the country were employed against it and after a lively debate of several hours it was overwhelmingly defeated by the publication of the reports of the 12th census therefore will be made by the public printer as in the past.

CLAIMS FOR PENSIONS.

Over Six Thousand Applications Made as a Result of the Spanish-American War.

Washington, Jan. 19.—A large number of claims for pensions are being received at the pension office as a result of the Spanish war. The department has been advised that the percentage of the barons show that the percentage of pensions from volunteers was 3.25%. There were 22 regulars of regulars and three regular battalions engaged in this fight as against nine regiments of volunteers. One hundred lost their lives, 100 were missing, but has 419 claims for pension pending.

At the battle 34 volunteers were killed, 177 wounded and 45 missing. The claims for pensions from volunteers number 3,25%. There were 22 regulars of regulars and three regular battalions engaged in this fight as against nine regiments of volunteers. One hundred lost their lives, 100 were missing, but has 419 claims for pension pending.

Hole Through His Heart and Liver. Baltimore, Jan. 19.—The post mortem examination of the body of Chas. F. Seebacher, the electrician who was shot last Saturday night at Brunswick, Md., by Conductor Jerome Swartley, died Tuesday, revealed the fact that Seebacher lived 60 hours with a bullet hole through the center of his heart. The wound in the heart, the doctors say, was of such nature that instantaneous death should have resulted and that the man lived 60 hours in regarded little short of miraculous.

SHOOTING AFFAIR IN A DEPOT.

St. Louis, Jan. 19.—In the crowded ladies waiting room in the relay depot, East St. Louis, Thomas Flynn shot and killed a woman, who was inflicting a wound which the head of the woman was killed. It is surmised that the killing was the result of a street scene a few days in which Flynn and his wife had a little daughter who had been adopted by Genetti years previously.

Men Troops Coming From Cuba.

Washington, Jan. 19.—The quartermaster general has been informed that the transport Kilpatrick had arrived at Newport, Cuba, for the purpose of transporting a squadron of the 10th cavalry, which has been relieved from further duty in Cuba to Newport News. These troops are destined for Ft. Riley, Kan. They will start from Newport in a few days.
